

We have no news of interest from Gen. Taylor. He was still at Matamoros at last accounts, but it was expected he would take up the line of march for Monterey very soon, where it was supposed he would have another engagement with the Mexicans.

#### To those who use Pills.

Of all the medicines put forth in the world, none has been regarded with such general favor by all who have used them, as the so well known and efficacious medicine called "DR. SMITH'S IMPROVED INDIAN VEGETABLE PILLS;" and perhaps no medicine ever possessed in its peculiar combination, such mysterious power over disease. A lady of the first respectability in this city, (whose name we are permitted to give in private) informed us this week, that she had long suffered the most violent headache, and that nothing had ever afforded her relief like these Pills. She said that Dr. Huntington advised her to try them, stating he knew them to be a good medicine. Physicians do recommend them, and we have the proud satisfaction of being permitted to refer to more than one high in the profession. These Pills, besides their great efficacy, have a taste as pleasant as a sugar plum, being coated with sugar, (a thing unknown in the world, until Dr. Smith made them, after more than a year's trial and great expense.) The people are informed that these Pills are not of the mushroom class, made of anything merely to sell for a short time, as they are made of the purest materials, and they bear the scrutiny of either Physician or Chemist. The public ought to be relieved from the use of the "Sugar Coated Pills," upon which the signature of Dr. BENJ. SMITH, M. D., the sole inventor, is upon the side of every box, also beware of counterfeits. This is important, as miserable medicine may be enveloped in sugar. Dealers furnished at the New York College of Health, 179 Greenwich street, New York, and by Dr. EASTLEY & Co., No. 76 Chestnut street, St. Louis, Mo., General Agents for the Western States. For sale in Fayette, Mo., by WM. R. SNELSON, Druggist, agent. O. HENDERSON, agent for Glasgow.

CAUTION!—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. BENJ. SMITH'S signature is on every box. Price 25 cents.

Chill Fever, Dumb Ague, INTERMITTENT FEVERS,

AND ALL THE VARIOUS FORMS OF BILIOUS DISEASES.

THIS VALUABLE MEDICINE is undoubtedly the safest, surest and best remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both GENERAL and SPECIAL. While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and reinvigorating and bringing up all the vital energies to a standard of permanent health; it at the same time exerts a specific influence upon the liver, digestive organs and lymphatic and glandular systems; exciting them to healthful activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

Those who are suffering with the prostrating AGUE and FEVERS common to the West and South—those whose constitutions have been enfeebled by the use of mercury, quinine, or other violent remedies—should resort at once to the use of this VALUABLE MEDICINE. It has cured and will cure the most obstinate cases.

Travelling with the circulation, it pours its healing current through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change: Even the mind partakes of the healthful process, and life, that before appeared one dreary waste, begins again to seem worth possessing.

¶ Pamphlets respecting this Valuable Medicine, can be obtained of the Agents gratis.

#### WISTAR'S BALM OF Wild Cherry.

Affections of the Liver, Asthma, Bronchitis, Pain or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all the Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION. The Moss of Iceland, the Wild Cherry Bark and Fine of our northern latitudes, are the principal ingredients in the compound. The great secret in its efficacy consists in the method by which they are prepared. Such in fact is the nature and simplicity of this medicine, so powerful in action, yet so mild, safe and pleasant in its operation, that it must be truly termed "Nature's own Prescription;" and although but two years have elapsed since they were first made public, we can proudly say, it has acquired a celebrity unprecedented by any medicine in use, and is evidently destined to become the most popular and valuable medicine ever discovered.

The great remedy for all diseases of the Lungs continues to send joy and happiness to many a cheerful fire-side, and still there is room to diffuse its kindly health-giving magical wand. Whosoever will, let him come and be cured.

#### ANOTHER INVALID RESTORED TO HEALTH.

[Read the following statement of facts from Mr. Eli Bailly, a highly respected merchant of Vienna, Johnson County, Illinois.]

Messrs. Phelps & Blakely, St. Louis, Mo. Gentlemen:—A desire to benefit the afflicted throughout the land has alone induced me to make the following statement of facts, respecting one of the most astonishing cures ever recorded. My son, now seventeen years old, has been afflicted during his whole life with a constant cough, pain in the side and chest, accompanied with night sweats and hectic fever, which produced great emaciation and debility; and at intervals during the night his expectoration would become so great as to endanger his life from strangulation. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief, in fact, so alarming were the symptoms, and so inveterate was his disease, that I was compelled to believe him beyond the reach of medical aid.

All our neighbors and friends who saw him, regarded him as one who was rapidly approaching an early and painful end. After having thus exhausted the skill of our best physicians without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistar's Balm of Wild Cherry.

He commenced its use about the 30th of December, 1841, the first bottle of which gave astonishing relief, and I began again to indulge in the fond hope that he might yet be restored to health. After having continued the use of it until three bottles had been taken, the disease was entirely overcome, and his shattered constitution and emaciated form restored to sound and permanent health, which he continues to enjoy up to the present time.

I believe the genuine Dr. Wistar's Balm of Wild Cherry to be one of the most valuable medicines ever discovered—knowing, as I do, that the above cure was effected solely by its use.

I am, gentlemen, very respectfully, Your most obedient servant, ELI BAILLY.

We might publish a thousand certificates, but do not deem it necessary, knowing that a single trial will do more to establish its efficacy, than a volume of testimonials. There are hundreds of Balmers recommended as positive specifics for pulmonary diseases, but where is the evidence of these many nostrums curing an aggravated case like the one mentioned above.

BE NOT DECEIVED. If you would have the true article, and that which will cure, if a cure be possible, then remember that "King" of all other medicines, WISTAR'S BALM OF WILD CHERRY.

Such is the unprecedented success of this Balm—"nature's favorite prescription,"—a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our land for very purposes—that many who know nothing of the mode of its preparation, are endeavoring to reap pecuniary benefits by selling an article similar in name, or its appearance, or by representing their own trash as superior to this Balm, or by putting up a mixture and solemnly asserting that it is imported from a foreign country.

WHICH IS NOT THE CASE. All these deceptive arts go to show that Wistar's Balm is known to the world to be the GREAT remedy; and to sell any mixture must be like this in name or purport to be like it in substance.

Believe not in the cunningly wrought fabrications, and take only the original and genuine WISTAR'S BALM OF WILD CHERRY; no other can be like it.

Beware of counterfeits and base imitations. Be sure to get the genuine medicine, and be careful to buy of a regular agent.

Price ONLY ONE DOLLAR per bottle.

The true and genuine Wistar's Balm of Wild Cherry is sold, wholesale and retail, by PHILIPS & BLAKLEY, corner of Third and Chestnut streets, St. Louis, Mo., General Agents for the Western States and Territories. And for sale by their agents in the following places: Dr. SNELSON, Fayette; R. P. HANSEN & Co., Glasgow; McCampbell & Coates, Huntsville; W. C. HILL & Co., Keyesville. [June 27th, 1846.]
